## EDUCATION

VIT Bhopal University, Bhopal, MP

Aug. 2021 – May 2025

-Bachelor of Technology in Computer Science and Engineering

CGPA: 8.25

## EXPERIENCE

Shadownik

June 2024 – August 2024 | Remote

Marketing and Outreach Intern

- Developed and implemented marketing strategies to enhance brand visibility and user engagement.
- Managed social media campaigns and conducted outreach initiatives to grow the customer base.
- Collaborated with the team to create compelling content and promotional materials.

Technical One

October 2024 – December 2024 | Remote

Web Development Intern

- Developed and deployed full-stack web applications, optimizing performance and user experience.
- Integrated OAuth & JWT authentication, boosting security by 40%.
- Designed scalable, secure RESTful APIs and integrated third-party authentication.
- Worked in an agile environment, collaborating on real-world projects.

## TECHNICAL SKILLS

**Programming Languages:** C++, JavaScript, Python

**Product Management:** Agile Methodologies, Market Research, Data Analytics, A/B Testing

**Front-End:** React, Redux Toolkit, HTML, CSS, Tailwind CSS

**Back-End:** Node.js, Express.js, MongoDB, SQL, Firebase

**Cloud & DevOps:** AWS, Git

**Core Concepts:** Data Structures & Algorithms, Object-Oriented Design

## PROJECTS

**UrbanNest** | MERN Stack (MongoDB, Express, React, Node.js), Prisma, Auth0

- Developed a responsive real estate platform with property listings, search, bookings, and dynamic map views, improving user experience by 20%.
- Implemented secure user authentication with JWT and Auth0, ensuring seamless access control.
- Added features for property management, bookings, and favorites, boosting user engagement by 15%.
- Designed a scalable RESTful API backend with Prisma ORM and MongoDB, optimizing database performance.

**ExpenseGenie** | Next.js, Tailwind CSS, Firebase, OpenAI API

- Engineered a responsive AI-powered finance app for tracking expenses, budgeting, and income management with interactive charts.
- Integrated OpenAI API for personalized financial recommendations, enhancing decision-making.
- Implemented Google OAuth for secure authentication and Firebase for cloud-based data storage.
- Designed a modern, user-friendly UI with Tailwind CSS and ShadCN UI for optimized performance.

**YatraAI** | React, Gemini AI, Firebase, TailwindCSS

- Built a responsive AI-powered trip planner with destination selection and personalized recommendations using Gemini AI (budget, duration).
- Integrated Google Places API for location auto-complete and Firebase Firestore for real-time data storage and retrieval.
- Implemented Google OAuth for secure authentication and designed a modern, user-friendly UI with TailwindCSS, ShadCN.

## Certifications

AWS Certified Cloud Practitioner ([Certificate](#))

January 2024

## Leadership / Extracurricular

GeeksforGeeks Club

Aug 2023 – Sep-2024

Public Relations

VIT Bhopal

- Core member of the PR and Outreach team for GeeksforGeeks Student chapter
- Volunteer in GeekGala event in college fest.
